

29594

TO: Board of Acquisition and Contract

FROM: Jay T. Pisco, P.E.
Commissioner of Public Works and Transportation

DATE: October 1, 2012

SUBJECT: Resolution for Authority to Advertise
Contract No. 12-206
Pump Station Rehabilitation
Oak Street
Yonkers, New York

The 2012 6N Insurance Account contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to install a pre-manufactured pump station facility, purchased and delivered via a Westchester County Purchase Order. Work also includes installation of all electric and mechanical infrastructure systems.

The objective of this contract is to rebuild the Oak Street Pump Station.

This contract is in the public's best interest because it will allow for the Bronx River Parkway to remain operational during periods of high rainfall.

This project will provide an environmental benefit by reducing flooding on the Bronx River Parkway at the Oak Street overpass, thus addressing the County Executive's priority area: Health and the Environment (HE).

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
