---

The County of Westchester, acting by and through the Department of Senior Programs and Services (the "Department"), seeks authority to enter into an agreement (the "Agreement") with Family Service Society of Yonkers (the "Contractor"), to provide guardianship services for incapacitated individuals 60 years and older residing in Westchester County (the "Program") under Title IIIB of the Older Americans Act, and under Article 81 of the New York State Mental Hygiene Law, for an amount not-to-exceed \$45,000 in County tax dollars, for the program period January 1, 2013 through December 31, 2013, with the County having the sole option to renew the agreement for up to five (5) additional one-year periods, subject to the prior approval of your Honorable Board.

The Agreement will serve a public purpose by providing supportive services that optimally maintain the physical, mental, and economic well being of Westchester County seniors to facilitate them living in the community for as long as possible in order to avoid premature institutionalization.

The goals and objectives of the Agreement are to provide seniors throughout Westchester County with care management services including Care Planning that creates a menu of services and funds, when necessary and available, to help them afford and be linked to services such as home care, respite care using respite in their home or at social model day care programs. These goals and objectives are in the County's best interest in terms of fiscal responsibility and public health, as these services enable seniors to remain safely in their homes and communities among friends and family and to maintain a cost-effective lifestyle. The goal of the Title III-B programs are to reduce or delay nursing home institutionalization, thereby reducing Medicaid costs for the County, State and Federal governments and improving the general well-being of the County's elderly.

The services will be tracked, monitored and evaluated through monthly reporting activities and annual on-site reviews to determine if the contract performance goals and objectives are being met in a fiscally responsible and appropriately safe fashion. The New York State Office for the Aging annually monitors and evaluates whether the Department is meeting its requirements to conduct proper oversight.

Although the proposed agreement is exempt from application of the Westchester County Procurement Policy and Procedures pursuant to Section 3(a) (ix) thereof, it is subject to the Federal Common Grant Rules. As such, on February 15, 2013, the Department issued a Request for Proposals ("RFP") to solicit price proposals from qualified agencies to provide Program services. The Proposal due date was March 12, 2013. In an effort to solicit as many proposers as possible, notice of the RFP was advertised in the Journal News: Westchester, Rockland and Putnam editions and posted on the County's website. In addition, the Department announced the various services for which it would be issuing RFPs for 2013 at a public meeting held on September 21, 2012. Prior to the meeting date, the Department also placed a notice in the newspaper on August 26, 2012 to announce the public meeting. Additionally, the Department e-mailed notices to aging service providers. Despite these efforts, only one proposal was received in response to the RFP. This proposal was submitted by Family Service Society of Yonkers ("FSSY"). The proposal was evaluated on both technical and financial criteria, including but not limited

to, qualifications and experience, technical knowledge, implementation methodology, soundness of the proposed program,

program design and familiarity with the provision of services to be rendered, and proposed unit cost. Following a careful review of the proposal with reference to the evaluation criteria set forth in the RFP, FSSY's proposal was selected because it best met the required specifications and maximizes services in accordance with the budgeted amount.

Additionally, we believe it would be in the best interest of the County for your Honorable Board to award this contract to FSSY because, in addition to the reasons stated above, FSSY has performed well in providing Guardianship services over the past year.

Accordingly, I most respectfully recommend adoption of the attached proposed resolution.
