Contract No. 12-514
Terminal Systems Upgrade, South Concourse Renovation
Westchester County Airport
Towns of Harrison and North Castle and Village of Rye Brook, New York

The 2013 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to construct an extension to the existing southern concourse. This extension will allow the future installation of two (2) additional jet bridges. The project also includes the construction of two (2) handicap ramps.

The objective of this contract is to improve Airport terminal operations.

This contract is in the public's best interest because it will allow for improved passenger access to terminal gates, thus addressing the County Executive's priority area: Safety and Security (SS). There are no energy or environmental components associated with this project.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.

Payment for this entire contract will be made from the Passenger Facility Charge Program, not the County General Fund and will not impact the County tax levy.
