Contract No. 13-210
County Wide Maintenance and Repair of Traffic Signals and Other Special Devices
Various Locations
Westchester County, New York

The 2013 Operating Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to perform maintenance and repair on traffic signals, controllers, conflict monitors and communications equipment at all County maintained traffic signals. This contract is for a term of three (3) years with one two (2) year renewal at the discretion of the County.

The objective of this contract is to maintain traffic signal equipment and to improve safety conditions along County roads.

This contract is in the public's best interest because it will promote the health and safety of the general public by ensuring that the County's roads meet current codes and standards, thus addressing the County Executive's priority area: Safety and Security (SS). There are no energy or environmental components associated with this project.

As expenditures are made pursuant to this authorization, detailed records will be kept in the County's on-line financial system. These records will be easily accessible by Finance, Budget and department staff and will be reviewed regularly to ensure that funds are used appropriately.
