Subject: Resolution authorizing the County of Westchester to enter into an Agreement with The Children's Village, Inc. ("Children's Village") to provide family-based casework and supportive services for families of children in foster care and whose child(ren) are placed in out-of-state and out-of-county residential settings and whereas such placements in those locations pose an obstacle towards the child's reunification with their families for the period January 1, 2014 through December 31, 2014 in an amount not to exceed \$119,629 to be paid monthly pursuant to an approved budget and subject to appropriation

Authority is requested for the County of Westchester, acting by and through its Department of Social Services (the "Department"), to enter into an agreement with The Children's Village, Inc. ("Children's Village") pursuant to which Children's Village will provide family-based casework and supportive services for families of children in foster care and whose child(ren) are placed in out-of-state and out-of-county residential settings and whereas such placements in those locations pose an obstacle towards their reunification with their families for the period January 1, 2014 through December 31, 2014 in an amount not to exceed \$119,629 to be paid monthly pursuant to an approved budget (the "Agreement") and subject to appropriation.

Children's Village's Westchester Out Of County Connection Program (WOOCC), formally referred to as Westchester Out Of State (WOOS), began its service to youth and families in 2005. The WOOCC program was designed to serve families with children who carry diagnoses of severe emotional, psychiatric, developmental and behavioral problems and are placed in out of state institutions and out of county institutions where the geographic location is deemed to be a barrier to permanency.

This Agreement will serve a public purpose by providing support services to families of children placed in out-of-state and out-of-county residential settings, thereby promoting the return of the child to the parent or caretaker. Under the terms of the Agreement, Children's Village will provide family-based casework and supportive services to the families of children who carry diagnoses of severe emotional, psychiatric, developmental and behavioral problems and are placed in out-of-state and out-of-county residential settings which have specialized services not available in the State to youth who are placed in in-state residential facilities whose location poses an obstacle towards their reunification with their families.

The goals and objective of the Children's Village WOCC program are to:

1. Help families prepare for the successful return of their child to their families/guardian and community
2. Service youth placed in out-of-state or out-of-county facilities, youth who are in hospital, incarcerated, on AWOL status and/or otherwise identified by DSS to be appropriate for this program. The **WOCC** will seek to step the youth down to a lower level of care in an in-state facility/program.
3. Reduce the length of out of state and out of county placement of youth who were previously deemed to require services that were not available in Westchester County. For children with a goal of Independent Living, Adoption or Adult Custodial Care, WOCC will monitor the child's progress and plan for the child's transfer in state or within Westchester County to an appropriate level of care.
4. Provide family visits & caseworker services to youth who are placed in out of state and in-state residential facilities whose location poses an obstacle towards their reunification with their families. The **WOCC** program will be the bridge between the child and the discharge resource, with the goal of strengthening the familial relationship and expediting the reunification process.

The goals and objectives are in the best interest of the County in terms of Health and Safety in that the Children's Village's WOCC program will focus on helping families prepare for the successful return of their child and maintain family stability so that the child is able to remain home without requiring further intervention from the court or DSS. WOCC will monitor the child's progress and plan for the child's transfer in state to an appropriate level of care. The WOCC program will be the bridge between the child and the discharge resource, with the goal of strengthening the familiar relationship and expediting the reunification process. The overall child welfare goals are achieved and the health and well-being of the child is enhanced.

The goals and objectives are in the best interests of the County in terms of fiscal responsibility in that the program will monitor the child's progress and plan for appropriate level of care and for eventual return to family.

The goals and objectives will be tracked and monitored using the performance measurement indicators developed by the Department and approved by the County Budget Office. The program office will be responsible for setting the milestones and tracking their achievements by reviewing the performance reports furnished by Children's Village and making site visits.

Based on Performance Measure Indicators, the Department is able to report that Children's Village WOCC has served over 100% of contracted capacity at close of the third quarter 2013.

This Agreement is exempt from the Westchester County Procurement Policy pursuant to Section 3(a) xviii of thereof. The agreement is also exempt from the requirements of the Federal Common Grant Rule as this program falls under the Social Services Block Grant.

Accordingly your Honorable Board's approval of the attached Resolution authorizing the County to enter into an agreement with The Children's Village, Inc. to provide family-based casework and supportive services is requested.
