Subject: **Resolution authorizing the County of Westchester to enter into an agreement with Hope's Door, Inc. to operate a special needs shelter for adult women and their minor children residing in the County of Westchester who are victims of domestic violence for the period January 1, 2014 through December 31, 2018 for an amount not to exceed \$2,820,875 to be paid monthly pursuant to an approved budget and subject to appropriation**

On October 22, 2013, pursuant to Section 6 of the Westchester County Procurement Policy, a Request for Proposals ("RFP") was issued asking for the provision of emergency housing and comprehensive support services for women and their minor children who are victims of domestic violence and residing in the County of Westchester. Two (2) providers responded. The proposals were evaluated using the criteria specified in the Request for Proposals and both vendors were selected to provide services for the three (3) zones specified in the RFP; My Sister's Place, Inc. (I & II) was awarded the southern and central zones, and Hope's Door, Inc was awarded the northern zone.

The County of Westchester is requesting authorization to enter into an agreement with Hope's Door, Inc. to operate a special needs shelter known as Hope's Door Shelter for adult women and their minor children residing in the County of Westchester who are victims of domestic violence for the period January 1, 2014 through December 31, 2018 for an amount not to exceed \$2,820,875 to be paid monthly at an approximated per diem of \$104.87 pursuant to an approved budget and subject to appropriation.

The County proposes to enter into this agreement to provide emergency shelter placements for victims of domestic violence. The Domestic Violence State Aid Rate (DVSAR) that has been approved by the New York State Office of Children and Family Services (OCFS) for the period of January 1, 2013 through December 31, 2013 is currently \$104.87 per person per day. This rate is subject to modification by the State prior to June 30 of each year. The County is therefore requesting authorization to adjust the current per-diem rate to conform to the revised DVSAR when it is issued by the State.

The services to be provided pursuant to the proposed agreement serve a **public purpose** by assisting the County in providing immediate emergency shelter to eligible victims of domestic violence and their minor children and in reducing the number of cases involving family violence in Westchester County through intervention and proactive prevention.

The **goals and objectives** of the proposed agreement are as follows:

- 1) to provide a safe environment for women and their minor children experiencing domestic violence
- 2) to provide on-site counseling services and support groups
- 3) to increase responsiveness of the criminal justice system to the needs of battered women and their minor children by offering legal services, advocacy and accompaniment services for Court hearings and visits to the District Attorney's Office.

The proposed agreement will also provide domestic violence services for undocumented aliens who are victims of domestic violence and are residing in the County of Westchester.

The goals and objectives of this program are in **the best interests of the County in terms of public health and public safety** as they are aimed at ensuring the health and safety of the targeted population. The County fosters public safety by providing a safe haven in the form of emergency housing to victims of domestic violence and their minor children.

The goals and objectives are in the County's **best interests in terms of fiscal responsibility** as they help to reduce the financial burden to taxpayers in areas directly or indirectly related to the consequences of domestic violence, such as expenses incurred by the Department of Corrections, Medicaid, Children's Protective Services, the legal profession and the court system.

The **goals and objectives will be tracked and monitored** using the performance measurement indicators developed by the Department and approved by the County Budget Office. The contractor is required to submit to the Department monthly and quarterly statistical reports on all activities related to the program. Additionally, the operations of the Domestic Violence Shelter are monitored by New York State.

Accordingly, the County of Westchester is requesting authority to enter into an agreement with Hope's Door, Inc. for the above said purpose.

A resolution requesting the same is attached for your Honorable Board's approval.
