SUBJECT: Resolution authorizing an exemption from the County of Westchester Procurement Policy and Procedures for an agreement with the Housing Action Council, Inc., to provide technical assistance to not-for-profit developers of new fair and affordable housing projects, pursuant to section 3(a)xxi of the Westchester County procurement policy

For over ten years, the County of Westchester has retained the Housing Action Council, Inc., (HAC) to provide technical assistance to not-for-profit developers of fair and affordable housing. Organized in 1974, HAC is a not-for-profit organization charged with expanding and preserving housing opportunities for low and moderate income households, including special needs populations. Its role is that of a catalyst, providing technical assistance to community organizations, human service organizations, not-for-profit and limited profit developers and municipalities so that they may carry out successful fair and affordable housing developments. HAC helps to identify sites, assess feasibility, secure financing, negotiate local approvals and coordinate the development process. It also advises boards of directors on the development process, forms development entities and assists in building the capacity of organizations to develop housing. During the past ten years, the HAC has helped facilitate the development of over 1,650 housing units throughout Westchester County, including rental and homeownership.

The County of Westchester proposes to retain the services of HAC through 2014 to provide technical assistance to facilitate the development and preservation of affordable housing by assisting not-for-profit organizations and/or local housing boards with grant application processes, determining financial feasibility, securing federal, state and private funds for, and other matters related to the development, preservation, and improvement of eleven affordable housing developments sponsored by such organizations. The amount of the agreement shall not exceed \$92,377.00, pursuant to an approved budget, and the term of the agreement is January 1, 2014 to December 31, 2014.

This agreement will provide additional fair and affordable housing in Westchester County that will result in increased tax revenue.

Based upon the foregoing facts, it would be in the best interest of the County of Westchester to continue to retain Housing Action Council, Inc., to provide those technical services.

In addition, pursuant to Section 3(a)xxi thereof, the County of Westchester Procurement Policy is not applicable to a procurement for which your Honorable Board determines by resolution passed prior to

commencing such procurement that compliance with the policy would not be in the best interest of the County.

This proposed resolution to exempt the subject procurement is submitted herewith for your consideration.

A separate resolution of even date requesting authority to enter into an agreement with Housing Action Council, Inc., for the above-mentioned services is being submitted for your approval.

I recommend approval of this exemption.
