RE: Authorization for the County of Westchester to Amend a Resolution approved on April 1, 2010, as amended, for Agreements with Early Intervention and Related Services Providers Pursuant to Article 25, Title II-A of the New York State Public Health Law and Section 4410, Part 200 of the New York State Education Law respectively, in order to add three new Related Services Providers, Easter Seals New York, Inc., Carolyn M. Machonis, O.T., PLLC and Trinity Physical Therapy, Speech Therapy and Occupational Therapy, PLLC effective September 1, 2014

On April 1, 2010, your Board approved a resolution (the "April 1st Resolution"), as amended, authorizing the County to enter into Agreements (the "Agreements") with approved and licensed Early Intervention and Related Services Providers pursuant to Article 25, Title II-A of the New York State Public Health Law and Section 4410, Part 200 of the New York State Education Law respectively, for the period July 1, 2010 through June 30, 2015, with each provider to be reimbursed at rates established and approved by the New York State Department of Health and New York State Education Department ("NYSED") respectively.

On June 17, 2010, the April 1st Resolution was amended to add two approved and licensed Early Intervention and Related Services providers, Speech and Communication Professionals and Behavior Analysts of New York, LLC, subject to the same terms and conditions of the April 1st Resolution. These agreements were subsequently executed.

On November 3, 2011, the April 1st Resolution was further amended to add another approved and licensed Early Intervention and Related Services provider, Sunshine RN, PT, OT, SLP and Psychology, PLLC, subject to the same terms and conditions of the April 1st Resolution. This agreement was subsequently executed.

On July 18, 2013, the April 1st Resolution was again further amended to add another approved and licensed Related Services provider, Richard Madison Associates, Inc., subject to the same terms and conditions of the April 1st Resolution. This agreement was subsequently executed.

On October 10, 2013, the April 1st Resolution was again further amended to add another approved and licensed Related Services provider, Maxim of New York, LLC, subject to the same terms and conditions of the April 1st Resolution. This agreement was subsequently executed.

On December 19, 2013, the April 1st Resolution was again further amended to add another approved and licensed Related Services provider, Speech Language Pathology, P.C., subject to the same terms and conditions of the April 1st Resolution. This agreement has not yet been executed as the Health Department and the provider are working to resolve some issues.

Accordingly, authorization is hereby respectfully requested to amend the April 1st Resolution as amended by adding three approved and licensed Related Services providers, Easter Seals New York, Inc., Carolyn M. Machonis, O.T., PLLC and Trinity Physical Therapy, Speech Therapy and Occupational Therapy, PLLC effective September 1, 2014. These providers will be subject to the same terms and conditions of the April 1st Resolution, and will provide Speech Therapy, Physical Therapy and Occupational Therapy to preschool children with special needs three to five years of age, mandated by their local School Districts to receive

Related Services in integrated nursery school, day care or home settings. These providers will ensure capacity for: Yorktown, Mount Vernon, Somers, North Salem, Lakeland, Valhalla, Hendrick Hudson, Peekskill and White Plains school districts. Part 200 of the New York State Education Law requires that municipalities ensure adequate provider capacity to serve all disabilities and contract with provider agencies when there is a documented need for highly specialized services or a lack of provider capacity.

These agreements will promote the public health, safety and welfare of Westchester County's children with special needs by enabling their daily participation in special needs programs and other community settings that typically developing children attend. On an annual basis, approximately 10,000 children are served by the Early Intervention and Related Services programs.

The goals and objectives of these programs are to:

- Provide appropriate services to children from birth to five years of age with developmental disabilities and/or delays in accordance with their approved Individualized Family Service Plan (IFSP) or Individualized Education Plan (IEP).
- Provide these services in the child's natural environment and least restrictive setting.

Providers will be monitored, as per their contract requirements and the Health Department's performance measurement indicators, for the provision of services through program site visits and review of their clinical session and progress reports, and accuracy of billing by monthly reviews of submitted documentation.

All other terms and conditions of the April 1st Resolution as amended shall remain the same. Your approval of the attached Resolution is respectfully requested.
