**TO:** Board of Acquisition and Contract

**FROM:** Jay T. Pisco, P.E.  
Commissioner of Public Works and Transportation

**DATE:** June 24, 2014

**SUBJECT:** Resolution for Authority to Advertise  
Contract No. 12-538  
Ludlow Street Pumping Station  
Piping and Force Main Replacement  
Yonkers, New York

The 2014 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required for replacement of the piping and force main including pump suction lines and pump discharge manifold.

The objective of this contract is to allow the Department of Environmental Facilities to maintain the Ludlow Street Pumping Station and to ensure continuous and reliable processing of wastewater.

This contract is in the public's best interest because it will promote the health and safety of the general public by ensuring continued uninterrupted operation of wastewater treatment systems. This project will enable the Department of Environmental Facilities to carry out its basic mission to provide wastewater treatment and maintain satisfactory water quality, thus addressing the County Executive's priority area: Health and the Environment (HE).

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
