Department of Senior Programs and Services

**RE:** Request for authority to enter into an agreement with the State of New York, acting by and through the New York State Office for the Aging ("NYSOFA") pursuant to which the County of Westchester (the "County") will accept a grant of up to \$46,373.00, comprised of \$32,472 in Federal funds and \$13,901 in New York State funds under the Health Insurance Information, Counseling and Assistance Program, to be used for the period April 1, 2014 through March 31, 2015.

---

The County, acting by and through its Department of Senior Programs & Services (the "Department"), seeks authority from your Honorable Board to enter into an agreement (the "Agreement") with the State of New York, acting by and through "NYSOFA" pursuant to which the County will accept a grant of up to \$46,373.00, comprised of \$32,472 in Federal funds and \$13,901 in New York State funds under the Health Insurance Information, Counseling and Assistance Program ("HIICAP") to pay for personnel, maintenance and operations costs associated with providing Medicare information to seniors, caregiver groups and professional case managers and social workers, who deal with these populations, for the period April 1, 2014 through March 31, 2015.

The proposed Agreement will serve a public purpose by providing needed funding to educate and assist the elderly population within the County on Medicare and other important health insurance issues.

The goals and objectives of HIICAP are to provide Medicare information through outreach, education, empowerment, information, and advocacy to residents of Westchester County including individuals nearing or recently reaching 65 years of age, seniors aged 65 and up, the disabled, caregivers and the professional case managers and social workers who deal with these populations,

The goals and objectives of HIICAP are in the best interest of the County with respect to public health and environment because it allows us to help Medicare beneficiaries obtain needed medications that their Medicare part D plans may not be providing for a variety of reasons.

These goals and objectives will be tracked and monitored through review of responses to Department evaluation letters sent to individuals that have been counseled and through review of evaluation forms collected from attendees of group Medicare information sessions. An annual evaluation shall be conducted and monthly reports shall be submitted and reviewed to ensure goals are being met.

Because this Agreement is for the acceptance of grant funds, it does not constitute a procurement and, as such, is not subject to the Westchester County Procurement Policy.

I certify that my department, a) has copies of, or access to, all applicable laws, rules, regulations, grant applications, and grant agreements (including any master grant agreement), as well as any guidance or instructions received from the agency making the grant (the "Grant Terms"), b) has reviewed the Grant Terms, c) is aware of and understands all of the Grant Terms, and d) can and will comply with all of the Grant Terms.

Accordingly, I most respectfully recommend adoption of the attached proposed resolution.
