TO: Board of Acquisition and Contract
FROM: Jay T. Pisco, PE
Commissioner of Public Works and Transportation
DATE: September 30, 2014
SUBJECT: Authority to Enter into Agreement #14-935
In the matter of Engineering Services in connection with the
Rehabilitation of Tuckahoe Road, CR #36, Yonkers, New York

Consultant: Gibbons, Esposito & Boyce Engineers, PC
Agreement Amount: \$54,975.00

Authority of your Honorable Board is requested to enter into an Agreement in connection with engineering services for the Rehabilitation of Tuckahoe Road, CR #36, Yonkers, New York. The consultant shall provide design services associated with this project. Design services shall include the preparation of construction contract documents (drawings and specifications), construction cost estimates, any required addenda, and a bid analysis including an evaluation of the bids to determine compliance with bidding requirements and whether the bidders are responsible so that the County may recommend award of the construction contracts. In addition, the consultant shall provide design services during construction consisting of shop drawing and submittal review, attendance at project meetings, periodic site visits and preparation of as-built drawings.

The objective of this project will be to rehabilitate approximately 0.17 miles of Tuckahoe Road, C.R. #36, from Winnebago Road to the Bronx River Parkway, in Yonkers, New York. This road has an annual average daily traffic count ("AADT") of 12,184 and a pavement condition index ("PCI") of 64 as inspected in 2013. This work is necessary due to extensive deterioration of the roadway. The rehabilitation work shall include, but not be limited to, the following items: milling existing asphalt concrete pavement; filling and sealing joints and cracks; adjusting castings and catch basins; repairing catch basins; replacing all existing frames and grates; curb replacement; replacing/upgrading traffic signal loops; addressing drainage issues and roadside safety; resurfacing roadway with asphalt; installation of new handicap ramps; and installing new pavement markings. This agreement will benefit the public as it will enhance the functionality of the roadway ensuring its safe use by the public, thus addressing the County Executive's priority area of Safety and Security.

The Department of Public Works and Transportation will track scheduling and accomplishments by the consultant and perform on-site inspections to ensure the successful completion of this project.

On October 24, 2013, the Professional Prequalification Board was canvassed for the purpose of generating a list of qualified firms to provide professional services for this project. The Professional Prequalification Board approved a list of six (6) qualified firms to provide professional services for this project. As the fee is estimated to be less than \$100,000, on November 26, 2013 the Professional Selection Board reviewed this eligible list of qualified firms, whereby three firms were selected to possibly perform said services.
