

Department of Emergency Services

Memorandum

42456

TO: Board of Acquisition and Contract

FROM: John M. Cullen
Commissioner of Emergency Services

DATE: October 1, 2014

SUBJECT: **Resolution to amend a grant agreement with the New York State Division of Homeland Security and Emergency Services under the FY13 Local Emergency Management Performance Grant Program in order to extend the term of the agreement from October 1, 2014 through September 30, 2015**

On January 23, 2014, your Honorable Board approved a resolution which authorized the County of Westchester ("County"), acting by and through its Department of Emergency Services ("Department"), to enter into a grant agreement with the New York State Division of Homeland Security and Emergency Services ("State") to accept an amount not-to-exceed \$345,150 in grant funding under the FY13 Local Emergency Management Performance Grant Program for the period from October 1, 2012 through September 30, 2014 with the County contributing a 50% matching share of \$345,150 (the "Agreement"). The Agreement was subsequently executed.

The State has notified the Department that it has approved a one (1) year extension of the Agreement with a new end date of September 30, 2015. Accordingly, authorization is now requested to amend the Agreement with the State in order to extend the term thereof from October 1, 2014 through September 30, 2015. All other terms and conditions of the Agreement shall remain the same and in full force and effect.

This Agreement serves the public's best interest as it will enhance emergency preparedness and thereby preserve the health, safety and general welfare of County residents. The goals and objectives of this program are to sustain the County's emergency preparedness program by providing emergency plans, training, exercises and compliance with the National Incident Management System/Incident Command System. In addition, this program plays an important role in the implementation of Presidential Policy Directive 8 (PPD-8) by supporting the development and sustainment of core capabilities. Core capabilities are essential for the execution of each of the five mission areas outlined in the National Preparedness Goal (NPG). The development and sustainment of these core capabilities are not exclusive to any single level of government or organization, but rather require the combined effort of the whole community. The FY 2013 LEMPG

Program supports all core capabilities in the prevention, protection, mitigation, response, and recovery mission areas based on allowable costs. The Department will be able to monitor the effectiveness of this effort through a series of performance measures required by DHSES.

I certify that my department, a) has copies of, or access to, all applicable laws, rules, regulations, grant applications, and grant agreements (including any master grant agreement), as well as any guidance or instructions received from the agency making the grant (the "Grant Terms), b) has reviewed the Grant Terms, c) is aware of and understands all of the Grant Terms, and d) can and will comply with all of the Grant Terms.

In view of the importance of this program, I recommend approval of the attached resolution.
