Security Enhancements – Replace Airport Perimeter Fencing and Security Gates – Construction  
Westchester County Airport  
Towns of Harrison and North Castle and Village of Rye Brook, New York

The 2015 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to replace the Airport's existing security fencing with new eight foot high chain link fencing. Work also includes construction of new gravel patrol roads along segments not currently adjacent to the Airport's existing perimeter road system.

The objective of this contract is to upgrade the substandard perimeter security fencing.

This contract is in the public's best interest because it will promote the health and safety of the general public by ensuring that the Airport meets FAA standards, thus addressing the County Executive's priority area: Safety and Security (SS).
