RE: Authorization to enter into Contract with the Community Service Society of New York to accept funding for the Affordable Care Act Consumer Assistance Program Grant, a component of the Community Health Advocates Program, for the period 7/1/15 through 3/31/16, in the amount not-to-exceed of \$49,970, pursuant to an approved budget

The County of Westchester, acting by and through its Department of Health (“WCDH”), seeks authorization to enter into contract with the Community Service Society of New York (“CSSNY”) to accept funding for the Affordable Care Act Consumer Assistance Program Grant (“CAP”), which is a component of the Community Health Advocates Program (“CHA”), for the period 7/1/15 through 3/31/16, in the amount not-to-exceed \$49,970, pursuant to an approved budget.

In March 2010, the Federal health reform bill (called the Affordable Care Act or ACA) was signed into law. Under the ACA, New York State established a State-operated exchange called the New York State of Health Marketplace (NYSOH). NYSOH serves several functions including access to affordable health insurance coverage and response to consumers’ requests for assistance. New York State contracts with CSSNY to establish a state-wide CHA network to provide consumer assistance to New York’s consumers and small businesses.

The public health and general welfare of all Westchester residents including parents, children, seniors, and individuals from culturally, geographically and linguistically isolated communities will be served by establishing a CHA program in the County.

The goals and objectives of the CHA program is to assist all residents in understanding, navigating, and finding affordable health insurance and health care options including Medicaid, Medicare, Child Health Plus, Qualified Health Plans, hospital charity care programs, and prescription assistance programs. CHA will help those who are experiencing difficulty accessing and using existing health insurance benefits including coverage obtained in the NYSOH Marketplace. CHA also serves as “first responder” by reporting back to policy makers on health care system issues identified at the ground level.

During the grant, the WCDH expects to serve an average of 65 clients each month by providing individual and personalized assistance.

The CHA program will be tracked and monitored through reports, client satisfaction assessments, and consumer stories. I certify that my department, a) has copies of, or access to, all applicable laws, rules, regulations, grant applications, and grant agreements (including any

master grant agreement), as well as any guidance or instructions received from the agency making the grant (the "Grant Terms"), b) has reviewed the Grant Terms, c) is aware of and understands all of the Grant Terms, and d) can and will comply with all of the Grant Terms.

Approval of the attached resolution is respectfully requested.
