TO: Board of Acquisition and Contract

FROM: Jay T. Pisco, P.E.
Commissioner of Public Works and Transportation

DATE: July 28, 2015

SUBJECT: Resolution for Authority to Advertise
Contract No. 14-503
Primary Sludge Pumping System Improvements
Mamaroneck Wastewater Treatment Plant
Mamaroneck, New York

The 2015 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to improve the primary sludge pumping system including installation of new pumps, control panel, motor control center, meters, and sensors.

The objective of this contract is to allow the Department of Environmental Facilities to maintain its treatment plant systems and to ensure continuous and reliable processing of sludge.

This contract is in the public's best interest because it will promote the health and safety of the general public by ensuring continued uninterrupted operation of the plant's wastewater treatment systems. The project will enable the Department of Environmental Facilities to carry out its basic mission to provide wastewater treatment and maintain satisfactory water quality, thus addressing the County Executive's priority area: Health and the Environment (HE).

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
