Re: Authority to enter into an Interagency Agreement with the New York State
Department of Labor for the Exchange of Confidential Information

Westchester Community College (the "College") participates in programs funded through the Workforce Investment Act ("WIA") as a Local Workforce Investment Area One-Stop partner. The New York State Department of Labor ("DOL") provides access to a computer application called the One Stop Operating System ("OSOS") which serves as a job bank/talent bank for employment and training services provided pursuant to WIA.

In order to access OSOS, the County of Westchester, acting by and through the College, is required to execute an Interagency Agreement for the Exchange of Confidential Information with DOL. The agreement will commence upon execution and continue until terminated by either party. There will be no cost to the College, but the College will indemnify DOL for any and all claims, losses, expenses, and/or damages arising out of the College's breach of the Agreement.

I believe that it is in the best interest of the College to participate in this important program and I therefore recommend that you act favorably on the annexed proposed resolution.
