Commissioner, Department of Finance

Re: Authority to enter into an agreement with People's United Bank, National Association and its custodian bank, The Bank of New York Mellon related to the deposit of County Funds.

The County of Westchester maintains relationships with various banks for the deposit of County funds. Pursuant to New York General Municipal Law Section 39, the County is required to have a written investment policy regarding the investment, monitoring and reporting of County government funds. Pursuant to the Investment Policy for the County of Westchester (the "Investment Policy"), when the County deposits funds in banks, such deposits are required to be collateralized. Eligible securities that are used to collateralize the County's deposits in a depository bank are required to be held by a third party custodian bank (in most cases). While authorized as a depository bank in the Investment Policy, People's United Bank, National Association (People's Bank) does not currently have any County funds on deposit.

Authority is now requested of your Honorable Board to authorize the County to enter into a tri-party agreement for the custody of the required collateral. The custodian bank for People's Bank is The Bank of New York Mellon. The proposed agreement will commence upon execution by all parties and would be terminable by any of the parties upon written notice. There is no cost to the County.

This agreement serves a valid public purpose in that it enables the County to comply with the requirements of its Investment Policy. The goal of the agreement is to ensure adequate and safe collateralization of County funds. The Department of Finance will receive regular statements for this account in order to monitor the banks' performance.

This procurement is exempt from the operation of the Westchester County Procurement Policy pursuant to Section 3(a)(xx).

I recommend approval of the attached proposed resolution.
