SUBJECT: **Resolution for authority to advertise for the transportation of homeless school age children to their school of last permanent residence and children in foster care for court mandated visits with their families for a five (5) year period commencing September 1, 2017.**

Attached for your consideration is a Resolution which, if approved by your Honorable Board, would authorize the County to solicit bids by public advertisement for the above referenced project.

The County is mandated by New York State Education Law to provide transportation to homeless children attending school in their school district of last permanent residence ("Home School District"). This requirement affects children who are housed outside their Home School District while attending school in their home district. The bid package will also provide for submission of a cost proposal to provide transportation for children in foster care for court mandated visits with their families and children placed under Section 1055 of the Family Court Act. Visitation allows for the preservation and strengthening of parent-child relationships as well as serving as a strategy for re-unifying families and achieving permanency. Visitation also reduces the negative effects of separation for the child and the parent. When feasible, the transportation of foster care children will be coordinated with the transportation of homeless school age children.

A bid security of \$2,000.00 per package is required. As security for the faithful performance of the contract, the successful bidder will be required to post security in the form of cash, certified check, performance and payment bond, or irrevocable letter of credit in an amount equal to fifteen percent (15%) of the annual contract amount.

The goal of this program is to provide transportation of homeless children and children in foster care in accordance with State and Federal requirements. It is in the best interest of the County to contract with bus companies that are experienced in transporting school age children. The Department of Social Services will track and monitor these services to evaluate success through the monitoring of established performance measures as stipulated in the contract, reviewing of periodic reports submitted by the vendor, and making on-site visits.

Approval of the attached Resolution is respectfully requested.
