Contract No. 16-519
Roof Replacement
Primary Odor and Sludge Control Building
Yonkers Joint Wastewater Treatment Plant
Yonkers, New York

The 2017 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to remove and replace the existing roofing for the Primary Odor and Sludge Control Building at the Yonkers Joint Wastewater Treatment Plant.

The objective of this contract is to maintain the weather tightness of the Primary Odor and Sludge Control Building at the Yonkers Joint Wastewater Treatment Plant.

This contract is in the public's best interest because it will extend the life of the existing structure.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
