Commissioner, Department of Social Services

SUBJECT: Resolution authorizing the County of Westchester to enter into an agreement with Family Services of Westchester, Inc. for the provision of the Enriched Housing Program at Maple House, an assisted living type program, designed to meet the needs of physically frail adults, sixty two (62) or older, and/or disabled and age 55 or older who need support in order to remain living independently in the community for the term from January 1, 2018 through December 31, 2018 in an amount not to exceed \$43,259, to be paid pursuant to an approved budget and subject to appropriations.

The County of Westchester (“County”), acting by and through its Department of Social Services (“Department”), is hereby requesting permission to enter into an agreement with Family Services of Westchester, Inc. (“FSW”) for the provision of case management and other support services in the Enriched Housing Program at Maple House, an assisted living type program, designed to meet the needs of physically frail adults, sixty two (62) or older, and/or disabled and age 55 or older who need support in order to remain living independently in the community for the term from January 1, 2018 through December 31, 2018 in an amount not to exceed \$43,259, to be paid pursuant to an approved budget and subject to appropriation. Program participants are referred from a variety of sources including Protective Services for Adults and Housing Programs. Maple House provides meals, home health care (to ensure medication compliance), nursing, transportation, case management and activities in order to help these individuals remain independent and out of more costly systems and/or living arrangements.

The agreement with Maple House will serve a **public purpose** by providing resident services, medical assistance services, and case management services to the eligible elderly, frail

and disabled recipients, and at the same time, ensuring their independence, personal dignity, and freedom of choice in a less costly and less restrictive alternative to a Nursing Home.

The **goals and objectives** of this agreement are to support vulnerable populations and enable older adults to continue to live independently in Westchester County.

These **goals and objectives are in the best interests of the County in terms of public health** as they are aimed at providing an alternate level of care and support for those program participants referred to these services. Further, they are in the **best interests of the County regarding fiscal responsibility** in that the support provided by Maple House results in a decreased reliance on County resources such as Protective Services for Adults and the homeless shelter system.

**The goals and objectives will be tracked and monitored** through performance measurement indicators developed by the Department. The tracking and monitoring include the submission of monthly statistics and quarterly reports as well as direct contact with the Department staff in order to swiftly address any impediments to the program's success. The Department is able to report that as part of the Performance Measurement Indicators, fifteen (15) individuals received supported services through the Enriched Housing Program at Maple House in 2017. None of the individuals returned to the county shelter system.

This contract is exempt from the Westchester County Procurement Policy pursuant to Sections 3(a) viii and 3(a) xiv of that document as the populations served under this agreement are persons in need of public assistance and support due to physical and health related problems.

This contract is not subject to the competitive procurement requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (formerly, the Grants Management Common Rule) as the federal funding for this program falls under the Social Service Block Grant.

A resolution requesting your Honorable Board's approval is attached herewith.
