

67568

TO: Board of Acquisition and Contract

FROM: Hugh J. Greechan, Jr., P.E.
Commissioner of Public Works and Transportation

DATE: February 5, 2019

SUBJECT: AGREEMENT NO. 19-903
Authority to Enter into a Utility Work Agreement for the Rehabilitation of the Midland Avenue Bridge over Bronx River Parkway (BIN 3348950), City of Yonkers, New York

Since the public work project entitled "Rehabilitation of the Midland Avenue Bridge over Bronx River Parkway (BIN 3348950), City of Yonkers, New York" (the "Project") necessitates the replacement of certain existing utility facilities on the Midland Avenue Bridge, an agreement is required with the owner of the utility facilities prior to letting bids for the Project. Authority is therefore requested for the County of Westchester (the "County") to enter into a Utility Work Agreement with Con Edison Co. of NY, to replace a 12" diameter gas main with an upgraded 16" diameter gas main and repair two (2) electrical conduits beneath the Midland Avenue Bridge over Bronx River Parkway (BIN 3348950), City of Yonkers, New York. Con Edison Co. of NY will reimburse the County for all costs associated with the trench, conduit and restoration operations, which amount is estimated to be \$1,450,762.00.

Utility relocations for this bridge rehabilitation project will insure timely relocation of utilities and allow for reimbursement to cover the County's costs. This project is in the public's best interest in that successful completion of the project will increase motorist safety through the rehabilitation of a substandard bridge. Likewise, the use of utility company funds reduces the impacts of this project on the local tax base. Energy and environmental effects are positive as closure of the bridge would result in significant detours and congestion.

The Department will track scheduling and accomplishments during construction to insure the successful completion of this project.

The proposed form of Resolution to accomplish the foregoing is attached hereto.

RESOLUTION

Upon communication from the Commissioner of Public Works and Transportation, be it

RESOLVED, that the County of Westchester (the “County”) be and hereby is authorized to enter into an Agreement with Con Edison Co. of NY, for the replacement of certain existing utility facilities in connection with the Rehabilitation of Midland Avenue Bridge over Bronx River Parkway (BIN 3348950), City of Yonkers, New York (the “Project”); and be it further

RESOLVED, that Con Edison Co. of NY shall reimburse the County for all costs associated with the Project, which amount is estimated to be \$1,450,762.00; and be it further

RESOLVED, that the County Executive or his duly appointed designee be, and hereby is, authorized to take such actions and execute such documents as may be necessary and appropriate to effect the purposes hereof.
