The attached Resolution, if approved by your Honorable Board, would authorize the County of Westchester (the “County”) to enter into an agreement (the “Agreement”) with the Westchester Arts Council, Inc. d/b/a ArtsWestchester (“ArtsWestchester”), pursuant to which ArtsWestchester will administer the County’s cultural services contracts and provide cultural services to County residents, including the “Maintain Cultural Services” (Challenge) Program. ArtsWestchester’s administration and delivery of these services shall also include basic program and project support, arts initiatives in Mount Vernon and Yonkers for special needs residents, transportation for students and seniors to cultural sites, management of a County-wide arts-in-education program, provision of marketing and information services informing County residents and visitors of the numerous arts opportunities available throughout the County, maintenance and upgrading of its website and customer relationship management functions, making free and low-cost space available at the Arts Exchange Building to County artists, non-profit cultural organizations and community groups, and developing and implementing County-wide cultural initiatives. The Agreement shall be in an amount not to exceed **One Million Six Hundred Sixty Three Thousand Four Hundred Fifty** (\$1,663,450.00) Dollars, commencing January 1, 2020 and terminating December 31, 2020, payable pursuant to an approved budget, in four (4) equal

quarterly installments. These funds shall be expended by ArtsWestchester to carry out the scope of services attached hereto as Schedule "A" and in accordance with the approved budget attached hereto as Schedule "B".

As more fully described in Schedule "A," ArtsWestchester shall manage and deliver the County's cultural services to County residents. These services are designed to enrich the lives of County residents by providing access and involvement in the arts to all County residents. These shall include a robust and diverse array of cultural services, ranging from concerts, exhibitions and performances to family workshops and arts education programs. These cultural amenities enhance the quality of life, bolster Westchester as a desirable place to live and work, and support the County's efforts to attract and retain corporations. ArtsWestchester will provide these services directly and will also subcontract with at least forty (40) eligible organizations to provide these services, including but not limited to Caramoor Center for Music and the Arts, Katonah Museum of Art, Historic Hudson Valley, the Jacob Burns Film Center, Lyndhurst, a National Trust Historic Site, the Neuberger Museum, Paramount Center, the Performing Arts Center at SUNY Purchase, the Westchester Philharmonic and cultural organizations which shall provide cultural activities and programs specifically within the Cities of Yonkers and Mount Vernon. These programs will serve at least nine hundred thousand (900,000) individuals and two hundred thousand (200,000) children (K-12).

Pursuant to the Agreement, ArtsWestchester shall partner with cultural organizations, youth groups, school districts and human service agencies throughout the County, in order to provide art services, artist residencies, classes and workshops. ArtsWestchester shall also help districts that serve large populations of students from economically disadvantaged families, including, but not limited to Mount Vernon, Greenburgh and Yonkers, as well as provide outreach to the Ossining and Tarrytown school districts. ArtsWestchester shall also identify candidates for its Directory of Teaching Artists, provide schools and community sites with access to an on-line directory of teaching artists, provide technical assistance for teaching artists and educators, and secure and distribute funds for curricula-based, artist residencies.

Pursuant to the Agreement, ArtsWestchester shall also administer a "Maintain Cultural Services" (Challenge) Program that will enable at least forty (40) cultural organizations representing a variety of disciplines to leverage increased private funds in order to provide Westchester residents with affordable cultural programs, events and activities.

In addition, ArtsWestchester will produce a monthly, publication, "ArtsNews," which will be inserted into The Westchester County Business Journal, and will be provided to more than two thousand (2,000) individuals on ArtsWestchester's mailing list, as well as bulk distribution to libraries, train stations and various public office buildings.

ArtsWestchester shall further maintain and upgrade its website and customer relationship management functions. Its website: www.artswestchester.org, is designed to serve as a one-stop location for anyone seeking information about arts and culture in the County. The primary feature, an interactive calendar, is accessible from each page and searchable by date, artistic genre, venue and location, so residents and visitors alike can use one site to easily find information about events offered throughout Westchester County that match their individual

preferences. The website provides a page for each of more than one hundred twenty (120) cultural organizations, linking to their sites so visitors can easily purchase tickets.

Furthermore, ArtsWestchester will provide free or low-cost space for meetings, rehearsals, workshops, exhibitions, performances and other cultural activities on the Arts Exchange Building's 9th floor or in other appropriate spaces throughout the building, exclusive of the Grand Banking Room. ArtsWestchester will manage, schedule and document the use of spaces in the Arts Exchange Building by artists, cultural organizations, and community groups. Artists, cultural organizations, and community groups will utilize space at the Arts Exchange for approximately five hundred (500) hours during the term of the Agreement.

Lastly, ArtsWestchester will continue to promote collaboratively county-wide programs such as its "Music in the Air" resource guide, and the centrally-located "Jazz Fest," as well as promoting cultural resources through specific guides on our website, such as the "Gallery Guide." ArtsWestchester also will work collaboratively with the County's Office of Tourism to promote Westchester as a cultural destination.

The goals and objectives of the Agreement will support the public welfare of the County by enabling ArtsWestchester to fulfill its role in supporting the delivery of arts and cultural services to County residents. Working in partnership with not-for-profit cultural organizations throughout the County, ArtsWestchester ensures that County residents have access to a robust and diverse array of cultural services, ranging from concerts, exhibitions and performances to family workshops and arts education programs. These cultural amenities enhance the quality of life of County residents, bolster the County as a desirable place to live and work, and support the County's efforts to attract and retain corporations. Arts-in-education strategies that use the arts as instructional tools enhance both teaching and learning. ArtsWestchester has been engaged in arts-in-education for more than twenty (20) years, helping schools and districts integrate the arts into classrooms. Experience and research demonstrate that carefully designed, multi-session artist residencies motivate students to learn core curricula, help them retain what they learn longer and enable them to develop critical thinking skills that are necessary for success in college and in the workforce. Hands on, multi-session arts making workshops are equally effective in helping young people and adults develop social and developmental skills. ArtsWestchester's comprehensive marketing program will provide thousands of County residents and visitors with information about local cultural resources available to them and their families.

The goals and objective of the Agreement will be tracked by direct reporting of the results to the County by the Arts Council, through the submission of an interim narrative report covering the period January 1, 2020 through June 30, 2020, due on or before June 15, 2020 and a narrative report covering the period of July 1, 2020 through December 31, 2020, due on or before January 15, 2021. However, it should be noted that ArtsWestchester's subcontracts with cultural organizations run from July 1 through June 30th of the subsequent year, and as a result, ArtsWestchester will provide final figures on participation on or before September 30, 2021.

The Agreement is exempt from the Westchester County Procurement Policy pursuant to Section 3(a)xiii thereof.

Accordingly, I recommend and urge your Honorable Board's approval of the annexed Resolution.

ArtsWestchester distributes guidelines specifying the criteria for each category. The applicants provide information about organizations' mission, audiences, programs, services, and financial status.

ArtsWestchester provides technical assistance to potential applicants; convenes a panel to review the applications and manages the panel process. (In some cases such as special needs and the community arts initiatives, the Grants Committee of the Board of Trustees may serve as the panel). The panel reviews proposals and prepares recommendations for a committee of the Board of Trustees. The Board of Trustees reviews the committee's recommendations and in consultation with the county, makes a final decision on awards. Transportation funds are distributed to eligible organizations on a first-come, first served basis.

ArtsWestchester monitors services provided by subcontractors and does "due diligence" on behalf of the county via site visits, meetings, and written reports and measurable outcomes. In consultation with the Grants Committee of ArtsWestchester's Board of Trustees and with the county, organizations may be recommended for multi-year funding.

Throughout the year, ArtsWestchester provides on-going technical assistance and professional development opportunities for applicants and subcontractors, helping them to build their capacity and service quality.

ArtsWestchester also manages a membership program for not-for-profit, county-based cultural organizations (affiliates) and other groups and agencies that include the arts and culture in their programming. Members have posting privileges on our website for events and promotional information. ArtsWestchester convenes peer-group meetings throughout the year, invites members to join cultural collaborations, provides on-going advice and guidance, and holds professional development opportunities for artists and nonprofit organizations.

² May include repeating visitors, and residents outside of Westchester County,

2. MANAGE ARTS-IN-EDUCATION AND ARTS EDUCATION SERVICES

Public Purpose: Arts-in-education—strategies that use the arts as instructional tools—enhance both teaching and learning. Experience and research demonstrate that carefully designed, multi-session artist residencies motivate students to learn core curricula, help them retain what they learn longer and enable them to develop critical thinking skills that are necessary for success in college and in the workforce. In addition to improving teaching and learning in school settings, artist residencies have proven to be effective in helping young people and adults improve social and developmental skills. Homeless shelters, programs for seniors, Head-start centers, after-school and prevention programs, shelters and other human service agencies benefit from the arts-in-education services ArtsWestchester provides.

Statement of Services:

ArtsWestchester will:

- Partner with artists, cultural organizations, youth groups, school districts, and human service agencies throughout the county to provide artist residencies, classes and workshops

- Serve at least 500 students and adults through artist residencies, exclusive of those served via contracts with other county agencies or departments in schools and community sites. Develop learning materials/activities related to at least two exhibitions at the ArtsWestchester building

3. PROVIDE PUBLIC INFORMATION SERVICES

Public Purpose: ArtsWestchester's comprehensive marketing program provides thousands of county residents with information about local cultural resources available to them and their families. ArtsWestchester will continue to build its capacity to provide information services to both residents and visitors, including young adults and the county's growing number of senior citizens. In addition to the

benefits that individuals/families derive from participating in the arts, increasing attendance at cultural events yields a significant economic impact. An independent study undertaken by Americans for the Arts concludes that Westchester's not-for-profit arts industry bolstered the economy by \$172.3 million. With the cutbacks of *The New York Times'* Westchester section and reduced cultural coverage in *The Journal News*, ArtsWestchester has become the public's single most important resource for cultural information.

Statement of Service:

A. "ArtsNews." Recognizing that the county's vibrant cultural life helps attract and retain businesses, ArtsWestchester will produce and distribute a monthly publication, "ArtsNews." As a service to the business community and its employees, we will insert "ArtsNews" into the "Westchester County Business Journal." In addition, we will distribute "ArtsNews" to the more than 2,000 individuals on our mailing list, and bulk distribute to libraries, train stations, coffee shops, medical offices, hospitals, senior centers, and various public office buildings. This publication is the most comprehensive printed arts calendar in the county, with an online, abbreviated e-mail version distributed weekly. This broad distribution builds the community's awareness of the number, variety and diversity of the county's cultural offerings and boosts ticket sales, audiences and earned income for cultural organizations. Specifically, ArtsWestchester will distribute ten issues of "ArtsNews," and insert into "Westchester Business Journal" and into all editions of "The Examiner", reaching residents in White Plains, Northern Westchester, and Putnam County.

Proposed Outcomes of Service:

ArtsWestchester will

- Promote more than 1500 arts / cultural programs, including exhibitions, concerts, family-friendly events, and workshops, annually in the "ArtsNews" calendar.
- Increase the distribution of "ArtsNews" to include at least 15 additional Westchester sites in 2020.
- Repurpose the content of "ArtsNews" by publishing it on other media platforms such as "The Patch and "WAG" magazine, expanding the exposure of cultural organizations featured in the paper and giving more residents access to the information
- Increase "ArtsNews" readership by 5% over 2019.

B. "Arts (e) News" (formerly "ArtseNews"). ArtsWestchester will research, write and distribute a weekly electronic newsletter highlighting public programs presented by arts and cultural organizations throughout Westchester.

Proposed Outcomes of Service:

- Reach a readership of 12,000 with "Arts (e) News"
- Provide member cultural organizations with complementary ads in "Arts(e)News," totaling at least 20 annually

4. WEBSITE

Website. The site, www.artswestchester.org, is designed to serve as a one-stop for anyone seeking information about arts and culture in Westchester. The primary feature, an interactive calendar, is accessible from each page and searchable by date, artistic genre, venue and location, so residents and visitors alike can use one site to easily find information about events offered throughout Westchester County that match their individual preferences. The website provides a page for each of more than 120 cultural organizations, linking to their sites so visitors can easily purchase tickets.

ArtsWestchester will continue to incorporate a customer relationship management system, enabling us to provide customer services, notices, and opportunities to website users and to a broad spectrum of constituents, enhancing ArtsWestchester's capacity to communicate effectively with the nonprofit arts sector, artists, and the public.

Proposed Outcomes of Service:

ArtsWestchester will:

- make the site more accessible by continuing improvements to the visual aspects and functionality of the site
- improve content by providing technical assistance to cultural organizations and artists represented on the site
- increase the number of annual visits to www.ArtsWestchester.org by 5% over the course of the contract year
- increase the number of annual unique visitors to the website by 5% over the course of the year
- increase the number of page views to the website by 5% over the course of the year
- Continue to promote discount tickets and package deals on the ArtsWestchester website and through social media; work with the county's cultural organizations and artists to provide more complete and robust directories of cultural organizations, artists, and teaching artists, making the information easily accessible for use by other organizations and by the general public

5. ASSIST CULTURAL ORGANIZATIONS WITH SPACE AT THE ARTSWESTCHESTER BUILDING

Public Purpose

Many of Westchester's not for profit organizations lack their own facilities and find it increasingly difficult to find appropriate, affordable space that is available on a regular or interim basis for meetings, rehearsals, or cultural programs serving county residents. Local artists are also in need of venues to showcase their work. ArtsWestchester will meet these needs by providing a robust menu of program assistance opportunities.

Scope of Service

ArtsWestchester will provide free or low-cost space for meetings, rehearsals, workshops, exhibitions, performances and other cultural activities on the ArtsWestchester building's 9th floor, which has been adapted for new use as a cultural venue, or in other appropriate spaces throughout the building, except the Grand Banking Room.

ArtsWestchester will manage, schedule and document the use of spaces in its facility by artists, cultural organizations and not for profit community groups.

Outcome of Service

- At least five artists/groups will utilize space in ArtsWestchester's building during the year
- Artists/groups will utilize space in the building for approximately 500 hours.

6. COUNTY-WIDE PROGRAMS

ArtsWestchester develops collaborative marketing activities with other agencies and producing promotional materials that have wider circulation and impact than the marketing of a single event or

organization, thus building greater awareness of and participation in cultural activities. ArtsWestchester aggregates and promotes events under broad county-wide campaigns such as “What’s Hot In Westchester?” Due to a significant decrease in media coverage of cultural programs and assets in Westchester County and the resulting impact on attendance and earned income, ArtsWestchester will intensify its efforts in county-wide marketing efforts and collaborations.

Scope of Service

- A. **Collaborative Programs.** ArtsWestchester will continue to promote collaboratively county-wide programs such as “Music in the Air” resource guide, and the centrally-located Jazz Fest, as well as promoting cultural resources through specific guides on our website, such as the “Gallery Guide”. ArtsWestchester also will work collaboratively with the County’s Office of Tourism to promote Westchester as a cultural destination.

Proposed Outcomes of Service:

- ArtsWestchester will develop dedicated pages on www.artswestchester.org for county-wide collaborations and include event information in “ArtsNews,” “The Examiner,” and “Westchester Business Journal.” Our promotions of “Music in the Air” will reach 140,000 people.
- B. **Increase promotion of the events of 140 cultural organizations.** ArtsWestchester will continue to build public awareness of and increase the use of its website, www.artswestchester.org, which promotes the activities and events of cultural organizations throughout the county. One way ArtsWestchester will do this is through an aggressive weekly promotion of “Top 5 Arts Picks” and free/discounted tickets to assist audience growth and expand public participation in the arts by residents and visitors. ArtsWestchester will work with cultural organizations to inform the public of these opportunities.

Proposed Outcomes of Service:

- ArtsWestchester will drive more than a 5% increase in unique web visitors through targeted county-wide marketing initiative.
- ArtsWestchester will track impressions and click-throughs for each of the disparate event marketing campaigns.
- Traffic to ArtsWestchester’s calendar page will also increase at least 5% during the promotional campaign

REPORTING SCHEDULE

REPORTING SCHEDULE

ArtsWestchester will submit reports twice a year:

- 1st report. Narrative report covering the period January-June 2020 due June 15, 2020.
- 2nd report. Narrative covering the period July 1, 2020 through December 31, 2020; report card covering the full year, due January 15, 2021. (Note: some of ArtsWestchester’s subcontracts with cultural organizations end in June 2021. As a result, ArtsWestchester will provide final figures on participation in September 30, 2021.
