Commissioner of Public Works and Transportation

SUBJECT: AGREEMENT NO. 20-922
Authority to Enter into a Utility Work Agreement for the Rehabilitation of the Mamaroneck Avenue Bridge over the Mamaroneck River (BIN 3347919), Town/Village of Harrison and Village of Mamaroneck, New York

Since the public work project entitled “Rehabilitation of the Mamaroneck Avenue Bridge over the Mamaroneck River (BIN 3347919), Town/Village of Harrison and Village of Mamaroneck, New York” (the “Project”) necessitates the replacement of certain existing utility facilities on the Mamaroneck Avenue Bridge, an agreement is required with the owner of the utility facilities prior to starting construction of the Project. Authority is therefore requested for the County of Westchester to enter into a Utility Work Agreement with Con Edison Co. of NY, to replace a 8” diameter gas main and upgrade it to 12” diameter and replace eight (8) electrical conduits beneath the Mamaroneck Avenue Bridge over the Mamaroneck River (BIN 3347919), Town/Village of Harrison and Village of Mamaroneck, New York. Con Edison Co. of NY will reimburse the County for all costs associated with the trench, conduit and restoration operations, which amount is \$166,000.00, as per the low bid price under Contract 17-508.

Utility relocation replacements for this bridge rehabilitation project will insure timely replacement of utilities and allow reimbursement to cover the County’s costs. This project is in the public’s best interest in that successful completion of the project will increase motorist safety through the rehabilitation of a substandard bridge. Likewise, the use of utility company funds reduces the impacts of this project on the local tax base. Energy and environmental effects are positive as closure of the bridge would result in significant detours and congestion.

This Department will track scheduling and accomplishments during construction to insure the successful completion of this project.

The proposed form of Resolution to accomplish the foregoing is attached hereto.
