From: Leonard G. Townes, Commissioner
Department of Social Services

Subject: Request for authority for the County of Westchester (“County”) to enter into an agreement with Westchester Community Opportunity Program, Inc. (“WestCop”) pursuant to which WestCop will provide Shelter Monitoring and Transportation Services (“SMTS”) for homeless level 2 and level 3 sex offenders who have been placed at the Grasslands Homeless Shelter and are currently serving a parole or probation term, for the period from April 1, 2021 through March 31, 2022 for an amount not to exceed \$991,981 to be paid pursuant to an approved budget and subject to appropriation

The resolution, if approved by your Honorable Board, would authorize the County, acting by and through its Department of Social Services (“Department”) to enter into an agreement with WestCop pursuant to which WestCop will provide SMTS for homeless level 2 and level 3 sex offenders who have been placed at the Grasslands Homeless Shelter and are currently serving a parole or probation term, for the period from April 1, 2021 through March 31, 2022 for an amount not to exceed \$991,981 to be paid pursuant to an approved budget and subject to appropriation.

The **public purpose** of the program is to assist the County in ensuring the safety and wellbeing of children by monitoring the offenders through a program designed under the current agreement. The scope of work under the terms of this agreement were previously provided by another vendor who could no longer meet the requirements to enter into contract with the Department for this specific service.

The **goals and objectives** of SMTS program are to provide shelter monitoring and transportation services to parole or probation approved appointments for level 2 and level 3 homeless sex

offenders who have been placed at the Grasslands Homeless Shelter. The Department requires the completion of a travel itinerary for each participant. Parole or Probation must approve and sign off on each participant's travel itinerary. Another goal of the program is to locate permanent housing for the clients. Sex offenders are ineligible for several housing programs. SMTS case management staff will work closely with realtors to find eligible housing and work closely with clients to ensure housing readiness.

The goals and objectives of this program are in the best interests of the County in terms of fiscal responsibility, public health and safety as the program provides supportive services including counseling, therapy, education, and assistance in finding employment and permanent housing, thereby assisting program participants in becoming economically independent and improving their behavior and quality of life. It is more cost effective for the County to house a client in permanent housing than to house a client within a shelter.

The goals and objectives will be tracked and monitored using the Performance Measurement Indicators developed by the Department. Program office evaluates the performance of the vendor and the effectiveness of the program.

This contract is exempt from the Westchester County Procurement Policy under Section 3 (a) (xiv) thereof. This contract is exempt from the competitive procurement requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (formerly, the Grants Management Common Rule) because there is no federal funding supporting this program.

Accordingly, the County is requesting permission from your Honorable Board to enter into an agreement with WestCop for the above stated purpose.

A resolution is annexed hereto, which I recommend for your favorable consideration.
