

84589

TO: Board of Acquisition and Contract

FROM: Hugh J. Greechan, Jr., PE
Commissioner of Public Works and Transportation

DATE: April 27, 2021

SUBJECT: Authority to Enter into Agreement #21-916 in the matter of Engineering Services in connection with the Rehabilitation of Tuckahoe Road, CR #36 & #59, City of Yonkers, New York

Consultant: TriState Planning Engineering & Land Surveying, P.C. (WBE)
Agreement Amount: \$712,060.93

Subconsultant Approval: KS Engineers, P.C. (MBE)

Authority of your Honorable Board is requested for the County of Westchester (the "County") acting by and through its Department of Public Works and Transportation (the "Department") to enter into Agreement No. 21-916 (the "Agreement") with TriState Planning Engineering & Land Surveying, P.C. (the "Consultant"), a WBE firm, 161-01 Horace Harding Expressway, Fresh Meadows, New York 11365, in connection with Engineering Services for the Rehabilitation of Tuckahoe Road, CR #36 & #59, City of Yonkers, New York. The Consultant shall provide design and construction administration services associated with this project. Design services shall include the preparation of construction contract documents (drawings and specifications), construction cost estimates, any required addenda, and a bid analysis including an evaluation of the bids to determine compliance with bidding requirements and whether the bidders are responsible so that the County may recommend award of the construction contracts. In addition, the Consultant shall provide design services during construction consisting of shop drawing and submittal review, attendance at project meetings, periodic site visits and preparation of as-built drawings. For construction administration services, the Consultant shall monitor the construction procedures on the site to ensure compliance with the contract documents, coordinate scheduled activities of the contractors, submit construction progress reports and review and process contractors' applications for payment.

The objective of this project will be to rehabilitate Tuckahoe Road, CR #36 & #59, from Parkview Avenue to the Southbound I-87 entrance ramp, a total distance of approximately 1.74 miles. This work is necessary due to extensive deterioration of the roadway. Tuckahoe Road has an annual average daily traffic count ("AADT") of 25,000 and a pavement condition index ("PCI") of 66 as inspected in 2019. The PCI rating is a pavement condition rating with a range of 0 to 100, with 0 signifying that the roadway requires full reconstruction and 100 signifying that the roadway is new. The rehabilitation work shall include, but not be limited to, the following items: milling existing pavement; filling and sealing joints and cracks; full depth pavement repairs; adjusting castings and utility structures; repairing catch basins; replacing all existing inlet frames and grates; curb repair/replacement; replacing driveway aprons as required; replacing/upgrading traffic signal detection; guiderail replacement; installing ADA sidewalk ramps; addressing drainage issues and roadside safety; replacing MUTCD signage as required; installing off-road passenger waiting pads or bus shelter pads at bus stop areas; resurfacing roadway with asphalt; and installing new pavement markings. This Agreement will benefit the public as it will enhance the functionality of the roadway ensuring its safe use by the public.

Since the estimated fee for professional services was greater than \$250,000, in accordance with the Rules of the Professional Prequalification and Selection Boards, on September 24, 2020, a meeting of the Professional Prequalification Board was held to discuss the scope of work and request a list of qualified firms to provide the necessary services. The list was reviewed by the Professional Selection Board on October 9, 2020 whereby AI Engineers, Inc.; MP Engineers and Architects, P.C.; and TriState Planning Engineering & Land Surveying, P.C. were selected to possibly perform said services. On November 10, 2020, a request for proposal ("RFP") was sent to the qualified firms and subsequently one (1) proposal was received on December 10, 2020.

The two (2) firms that declined to submit a proposal were contacted. AI Engineers, Inc. and MP Engineers and Architects, P.C. did not have the staff resources available at that particular time to prepare a responsive proposal.

After reviewing the proposals, and based on the evaluation criteria set forth in the RFP, including technical merit and net cost, the Professional Selection Board at its meeting held April 16, 2021, selected TriState Planning Engineering & Land Surveying, P.C. as the number one firm to perform engineering services in connection with the Rehabilitation of Tuckahoe Road, CR #36 & #59, City of Yonkers, New York, for a total fee of \$712,060.93, pursuant to an approved budget, which represents the best possible contract for the County.

In addition, the Consultant has requested the utilization of the following subconsultant: KS Engineers, P.C., an MBE firm, for Design Services, 1279 Route 300, Suite 3, Newburgh, New York 12550.

The proposed has been reviewed and is judged to be responsive to the task at hand.

The Department will track scheduling and accomplishments by the Consultant and perform on-site inspections to ensure the successful completion of this project.

This matter has been reviewed by the Deputy County Executive and the Commissioner of the Department of Planning, and they are in concurrence.

I recommend adoption of the attached proposed Resolution.

HJG/RSD/AJV/as

RESOLUTION

Upon communication from the Commissioner of Public Works and Transportation, be it hereby

RESOLVED, that approval is hereby granted for the County of Westchester (the "County") acting by and through its Department of Public Works and Transportation (the "Department") to enter into Agreement No. 21-916 (the "Agreement") with TriState Planning Engineering & Land Surveying, P.C. (the "Consultant"), a WBE firm, 161-01 Horace Harding Expressway, Fresh Meadows, New York 11365, in connection with Engineering Services for the Rehabilitation of Tuckahoe Road, CR #36 & #59, City of Yonkers, New York. The Consultant shall provide design and construction administration services associated with this project. Design services shall include the preparation of construction contract documents (drawings and specifications), construction cost estimates, any required addenda, and a bid analysis including an evaluation of the bids to determine compliance with bidding requirements and whether the bidders are responsible so that the County may recommend award of the construction contracts. In addition, the Consultant shall provide design services during construction consisting of shop drawing and submittal review, attendance at project meetings, periodic site visits and preparation of as-built drawings. For construction administration services, the Consultant shall monitor the construction procedures on the site to ensure compliance with the contract documents, coordinate scheduled activities of the contractors, submit construction progress reports and review and process contractors' applications for payment; and be it further

RESOLVED, that for services rendered in accordance with the Consultant's proposal, a total compensation of \$712,060.93, shall be provided, pursuant to an approved budget; and be it further

RESOLVED, that the use of the following subconsultant also be approved: KS Engineers, P.C., an MBE firm, for Design Services, 1279 Route 300, Suite 3, Newburgh, New York 12550; and be it further

RESOLVED, that the Agreement shall commence upon the Consultant's receipt of written notice from the Commissioner of Public Works and Transportation or his designee and that the completion date shall be December 31, 2024; and be it further

RESOLVED, that the County Executive or his duly authorized designee is hereby authorized and empowered to execute any and all documents necessary or appropriate to effectuate the purposes hereof.
