

85215

TO: Board of Acquisition and Contract

FROM: Hugh J. Greechan, Jr., P.E.
Commissioner of Public Works and Transportation

DATE: May 20, 2021

SUBJECT: Resolution for Authority to Advertise
Contract No. **16-510**
Sluice Gate Replacement
Yonkers Joint Wastewater Treatment Plant
Yonkers, New York

The 2021 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to replace the settled sewage structure and aeration tank sluice gates at the Yonkers Joint Wastewater Treatment Plant. This project will include the installation of new electrical actuators on the sluice gates for enhanced Supervisory Control and Data Acquisition (SCADA) control to provide for more efficient flow regulation between processes, enhanced wet weather control and allow isolation of the tanks in order to provide required maintenance of the air diffusers and piping. It will also include the reconditioning of the 40 year old butterfly valves from the aeration tanks.

In accordance with Chapter 635 of the Laws of Westchester County, the Department of Public Works and Transportation has evaluated the needs of this project and determined that a Project Labor Agreement (PLA) will benefit and enhance the interests of the County in the timely and efficient completion of the project. The Contractor to whom this contract is awarded will be required to execute a PLA.

The objective of this contract is to replace the existing sluice gates and butterfly valves on the aeration tanks which have reached the end of their useful life and require replacement. It will allow for an enhanced Secondary Treatment Process by providing SCADA control capability over the wastewater flow in a more efficient and controlled manner.

This contract will benefit the public as it will ensure that the facility's operations are safe and environmentally compliant, thereby enhancing the health and general welfare of the residents of Westchester County.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.

RESOLUTION

Upon communication from the Commissioner of Public Works and Transportation, be it

RESOLVED, that the Commissioner of Public Works and Transportation be and he hereby is authorized to solicit bids by public advertisement on the following contract:

Contract No. **16-510**
 Sluice Gate Replacement
 Yonkers Joint Wastewater Treatment Plant
 Yonkers, New York
