DATE: June 22, 2021

TO: Board of Acquisition and Contract

FROM: Norma V. Drummond  
Commissioner of Planning

SUBJECT: Resolution Authorizing the agreement between the County of Westchester, the Property Owners Kevin Nicholson and Kadian Thompson and Linear Environmental, Corp. for the Rehabilitation of the Property located at 428 Dunham Avenue, Mount Vernon, NY

The attached resolution authorizes the County of Westchester ("County") to enter into an agreement with Linear Environmental, Corp. ("Linear") and the property owners Kevin Nicholson and Kadian Thompson to provide grants from the Lead Safe Westchester ("LSW") Grant Program and New York State Affordable Housing Corporation ("NYSAHC"). These grants will be used to provide funding for a lead abatement project at 428 Dunham Avenue, in the City of Mount Vernon. The total project cost is \$116,000.00 of which a grant in the amount of \$47,000.00 will be provided by the LSW grant and \$69,000.00 from the NYSAHC grant, pursuant to approved budgets. The term of the agreement is August 1, 2021 to July 31, 2022.

Linear will remove the lead-based paint hazards in three units in the building located at 428 Dunham Avenue in the City of Mount Vernon (the "Home") in which low-income households reside. The LSW Program will provide the funds necessary to stabilize the deteriorated areas inside and outside the Home that have been identified in the risk assessment report as having toxic lead-based paint, with supplemental funds from the NYSAHC program. The project will include, but not be limited to, repairing the deteriorated areas inside and outside the Home that have been identified as having toxic paint.

The goal and objective of this agreement is to provide a safe environment for the low income households who live in the Home. The project will be monitored by the County's Department of Planning staff who will make site visits during the construction, to ensure all contractual requirements are met.

In accordance with Section 6 of the County's Procurement Policy and Procedures, the services described above were posted on the County's website where interested entities responded by

March 8, 2021. The Department of Planning staff also sent emails announcing the RFP specifications to a list of EPA Certified Lead Contractors as potential bidders. Two proposals were submitted from AAA Lead Professionals and Linear Environmental, Inc. submitted the lowest bid.

On February 7, 2019, the Board of Acquisition and Contract approved a resolution authorizing the County of Westchester to enter into a grant agreement with the United States Department of Housing & Urban Development, Office of Lead Hazard Control and Healthy Homes for an amount totaling \$4,100,000.00 to reduce lead-based paint hazards in Westchester County.

On August 27, 2020, the Board of Acquisition and Contract approved a resolution authorizing the County of Westchester to enter into an agreement with the New York State Affordable Housing Corporation to accept a grant totaling \$780,000.00 to provide funding for the acquisition and rehabilitation of properties in certain municipalities in the County.

I certify that my department, a) has copies of, or access to, all applicable laws, rules, regulations, grant applications and grant agreements (including any master grant agreement), as well as any guidance or instructions received from the agency making the grant (the "Grant Terms"), b) has reviewed the Grant Terms, c) is aware of and understands all of the Grant Terms, and d) can and will comply with all of the Grant Terms.

I recommend approval of this agreement.
