 X Past experience has been investigated and found satisfactory.

The goals and objectives of the Contract are to obtain Contractor services which will allow the Department of Environmental Facilities to maintain its cranes and hoists at peak efficiency and to assure that the cranes and hoists function properly with minimal breakdowns. All cranes and hoists must be given proper preventive maintenance and also be tested to assure that they meet the required safety standards on an annual basis. This contract is fiscally responsible and also protects the health and safety of County and department employees.
