The objective of this project will be to remove and realign a portion of the Hutchinson Valley Trunk Sewer located in the streambed of the Hutchinson River alongside the Mill Road exit ramp on the southbound Hutchinson River Parkway in Eastchester. The existing trunk sewer pipe is being undermined by river flows; as such, the replacement pipe must be placed outside of the waterway. This work is necessary to provide improved sanitary facilities that are in compliance with all applicable regulations.

This contract is in the public's best interest because it effectuates long-term repairs of this section of trunk sewer avoiding potential adverse environmental impact to the surrounding properties and the Hutchinson River, thereby promoting public health policies and laws.

The Department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.

It is my recommendation that Contract No. 18-514 be awarded to Montesano Brothers, Inc. in the amount of \$1,018,530.00.
