The services to be provided pursuant to the Day Care agreements will allow families who are eligible for child day care assistance in the County to receive safe and quality child care which will, in turn, eliminate a prime impediment to employment for parents falling into this category.

The Day Care Agreements will be monitored internally by the Department's, Bureau of Case Review. Attendance monitoring and case audits will be conducted on a monthly basis. In order for these providers to contract with the County, they must be licensed or registered by the New York State Office of Children and Family services ("OCFS"). OCFS monitors the providers' compliance with NY State rules and regulations.

Day care assistance will be paid through the following funding streams:

New York State Child Care Block Grant – Day care assistance are paid for eligible families who are in receipt of Family Assistance, Safety Net, families participating in work programs, families requiring transitional child day care, low income families requiring day care in order to work who, without day care, would be at risk of going on Family Assistance and low-income teenage parents attending high school.

Protective/Preventive – Day care is provided as part of a comprehensive child welfare plan of services to prevent foster care placement, provider preventive services and to provide protective services for children who have been reported neglected, abused or maltreated.

Title XX – Day care subsidy is provided for families with income at or below 225%, 255% or 275% of the poverty level, depending upon the household size. Title XX will become obsolete on August 1, 2022 when the State Income Standard rises to 300%.

Funding provided pursuant to the New York State Child Care Block Grant and Title XX of the Social Security Act is not subject to the Federal procurement rules contained in 2 CFR Part 200.317 through Part 200.326. Therefore, pursuant to Section 13(d) of the Westchester County Procurement Policy, the ordinary County procurement rules apply to this procurement. The proposed Day Care Agreements are exempt from the Westchester County Procurement Policy pursuant to Section 3(a)(xiv) thereof, as these are agreements with not for profit organizations for the purpose of providing aid, care and support to persons in need of public assistance.

Your approval of the attached Resolution is respectfully requested.
